

HEAD OF OPERATIONS

Heron Tower is currently under development and is the flagship office development of Heron International, which will complete in February 2011. It is an iconic building and is the tallest in the City of London. Heron Tower will provide an advanced business life environment by ensuring delivery of a level of service and quality unseen in the existing UK office market. www.herontower.com

The Head of Operations is a key appointment to the Building Management Team. Your team will provide unsurpassed "six-star" customer service to Heron's occupiers and visitors within the building. You will lead a culture of ownership, empowerment and accountability from every member of the on site team to ensure that they optimise the end-user experience. You will engage with suppliers to ensure that they underpin and enhance the service model. You will deliver cutting edge operational solutions with pride, passion and purpose. You will embrace change, in order to ensure that Heron Tower is placed at the forefront of its peers.

For you "It's Personal"

If you measure up for this role then please contact our retained consultant Hari Prakash at Judd Farris on 020 7845 5782, or e-mail at hari.prakash@juddfarris.com
